

Constant Pressure Cylinder Storage Racks

DCG's Constant Pressure Cylinder (CPC) Storage Racks are an easy and convenient way to reduce laboratory clutter. Constructed of steel, they come in several different models depending on the number and size of cylinders needed to be stored. Conveniently placed storage racks make it easy to keep track of the cylinders, what's in the cylinders and the volume of the cylinders. With a small footprint and easily moved, the CPC Storage Rack takes up little laboratory space. Please contact your DCG Technical Specialist for more information regarding this product.
