

Point of Use Regulator Panel Mounts for Gas Distribution Systems

Eliminate the unsightly mess of tubing in your laboratory by installing DCG's Point of Use Regulator Panel Mounts for Gas Distribution Systems. The Point of Use Regulator Panel Mounts can be custom designed to your specifications. Whether for a new laboratory or a retrofit, DCG's Regulator Panel Mounts are easy to install. They can be bench mounted, floor mounted or wall mounted. In-line regulators are within easy reaching distance so that carrier gas flow changes to individual instruments are possible along with emergency shut off valves to stop gas flow to individual instruments. Please contact your DCG Technical Specialist for more information regarding this product.
