

Standard Test Method for Cloud Point of Petroleum Products in Accordance with ASTM D 2500

DCG has available Cloud Point Reference Standards for Petroleum Products and Biofuels that are transparent in layers 40 mm. in thickness and with a cloud point below 49° C for compliance with ASTM D 2500. The cloud point values have been determined by consensus analysis. The following cloud point standards are available in 250 mL bottles.

Part #: DCGCP 5

Description: Approximate Cloud Point value +5° C*

Part #: DCGCP 2

Description: Approximate Cloud Point value -2° C*

Part #: DCGCP 10

Description: Approximate Cloud Point value -10° C*

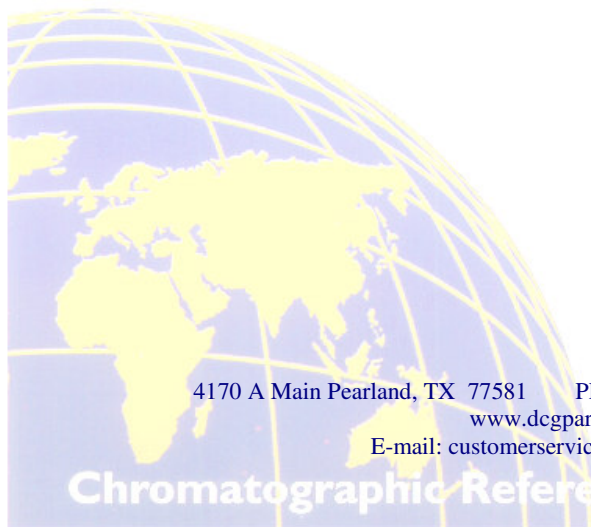

Part #: DCGCP 15

Description: Approximate Cloud Point value -15° C*

Part #: DCGCP 20

Description: Approximate Cloud Point value -20° C*

* Certified values provided with standards
