DCG does not purport to address all of the safety concerns, if any, associated with its products. With respect to formulas or information available from this web site, this information has been provided only as a reference for the users of this web site. It is recommended that each user verify that each formula is complete and does not contain errors and inaccuracies. The proper use of the formulas or information within this web site is determined solely by each user – not DCG.*

*Each user is to determine what may be acceptable based upon their needs in conjunction with current scientific literature regarding the handling of hazardous materials. The information provided in this web site does not imply any recommendation or endorsement by DCG. In all events, each user of this website and the accompanying information must follow all the customary and prudent procedures of the appropriate discipline for the safe storage, preparation, use, handling and disposal of any chemicals or other potentially dangerous materials mentioned in this web site. DCG encourages its customers and their users to establish appropriate safety and health practices. DCG recommends that each of its users determine the appropriate applications and regulatory limitations prior to the use of any DCG product. For specific questions regarding hazards, DCG’s customers should at a minimum consult each product’s Material Safety Data Sheet and any labels or markings that accompany the product.*

*If you have any questions regarding DCG products please do not hesitate to contact DCG at (281) 648-1894.*
