

DCG School of Gas Chromatography Questionnaire

Thank you for choosing to attend DCG's School of Gas Chromatography. We look forward to your arrival. In order to successfully meet your needs we need to ask a few questions.

- 1: What dates would you like to attend DCG's School of Gas Chromatography?
Courses are given on a continuous basis. Please give three date choices if possible.

- 2: What instruments would you like to study at DCG's School of Gas Chromatography?
Please see DCG's list of instruments available for study on the attached DCG's School of Gas Chromatography Course Selection.

- 3: With what brand(s) of gas chromatographs do you currently work or will be working in the future? Please include brand name, model number, application, etc.

- 4: What type of analysis do you currently perform?

- 5: What type of analysis will you be required to perform in the future, if known?

- 6: What experience do you have with gas chromatography? Beginner/Intermediate?
Please elaborate.

- 7: What do you hope to accomplish by attending this school?

- 8: Specific dietary requirements, if any?
